

BIBI 33-BL W COMBO

CRAWLER SCISSOR LIFT

ALMACRAWLER 

BIBI 33 BL-W Combo

The 33BL-W Combo is the latest model in the impressive track-based BIBI series from Almac in Italy. This scissor lift can go where no other lift can!

Thanks to the revolutionary adjustable track system, the unit will auto-level both in driving and set-up position, front and rear and to the sides, representing unique application opportunities.

Featuring 33 ft work height and a wider basket, the BIBI 33 BL-W COMBO comes standard with a strong Kubota Diesel making driving and set-up safe, easy and efficient.

BIBI 33 BL-W COMBO

BIBI, mini-crawler scissor lift is able to operate at 33 ft working height. The crawler traction overcomes all the standard limits of traditional 4x4 traction providing the opportunity to work in limited spaces. The automatic leveling of the machine, enables the operator to work easily and always in full safety conditions even in big slopes or uneven and rough terrain. The bi-energetic engine, thermic and electric, provides full versatility, both for inside or outside applications.
